- LinkedIn: <https://www.linkedin.com/in/shiksha-sourabh-soni-a5544922a>

## Objective

Junior Java Developer having 1 year of professional IT experience in designing and developing Web-based and Enterprise applications using JAVA/J2EE technologies. Experienced in all phases of Software Development Life Cycle (SDLC) including Analysis, Design, and Development, Debugging, Support, Integration, Maintenance, and Enhancements of Java/J2EE Applications.

## Experience

### Junior Java Developer

08/08/2022 - 01/08/2023

#### *Biz4solutions*

Designed and developed application layers, server-side objects, and client-side interfaces using J2EE patterns. Created SQL queries, PL/SQL procedures, and validated database layers. Implemented authentication with Spring Security and OAuth2. Built RESTful microservices with Spring Boot. Contributed to project planning, SDLC analysis, and system integration, applying best practices to optimize microservices architecture and enhance overall performance.

## Education

Course / Degree	School / University	Grade / Score	Year
High school	Central Board of Secondary Education	66%	2019
Bachelor of Science (Computer science)	Guru Ghasidas Central University	74%	2022

## Skills

- Technical skills - Java (Core and Advance), JavaScript and React
- Framework - Spring, Spring Data JPA, Spring MVC, Hibernate, Spring boot
- Database – MySQL, PostgreSQL and MongoDB.
- User interface – HTML, CSS and Bootstrap
- IDEs - Eclipse, Visual Studio Code and IntelliJ IDEA
- Git and Maven

## Projects

### EazyShoppy Ecommerce Website

EazyShoppy is a full-stack e-commerce website built using Java Spring Boot for backend REST APIs, React.js for the frontend, and MySQL as the database. The project is designed to provide a seamless shopping experience for users and includes an admin panel for managing products, users, and orders.

- **Backend:** Contains the Spring Boot application with REST APIs.
- **Frontend:**
  - admin: Admin panel built with React.js.
  - client: Client-facing ecommerce website built with React.js.

- **Database:** MySQL database with tables auto-generated by Spring Boot.

### Interactive Portfolio Website

A personal portfolio website with two distinct views—one as a dynamic 2D website and another as a 3D interactive book-like experience with the help of HTML, CSS and JavaScript.

- Developed a **2D dynamic portfolio** for a traditional web experience.
- Designed an **immersive 3D book-like UI** for an engaging and interactive user experience.
- Ensured full **responsiveness** and **smooth animations** across devices.
- Integrated **performance optimizations** for smooth rendering in the 3D view.

## Certifications

### Full Stack Java Development Certification Course

- Core Java
- Advance Java
- Spring Framework
- Hibernate
- Spring Boot
- MySQL
- HTML
- CSS
- JavaScript
- React
- MongoDB

Practice Projects Link - <https://github.com/shikshasoni01/PracticeProjects>

### Meta Frontend developer professional Certification

1. Introduction to Frontend developer
2. Programming with JavaScript
3. Version control
4. React Basics
